

200W Jewelry Laser welding machine

Model	TY-HJ1018
Laser power	200W
Laser pulse Frequency	1-100HZ (adjustable)
Laser beam	1064nm
Pulse width	0.1-20ms (adjustable)
Spot diameter	0.2-3.0mm
Pulse Energy	120J
Power consumption	6KW
Voltage	220V±10%/50Hz
Machine grand weight	70KGS

Application & Sample

Widely applied for metal welding such as gold, silver, stainless steel,platinum etc.

Applied Industry:jewelry, medical appliances, precision instruments,.
hardware etc..
