

## ◆◆ Special Plastic Needle

All of the needle is plastic, without any metal material, special design for special use.

## ◆◆ Polycarbonate Syringe

- ◆ Polycarbonate syringe barrels create a "smooth as glass" feel and help increase the visualization of fluid and air bubbles.
- ◆ Different colors to meet different choice
- ◆ Multiple Sizes: 1, 2, 3, 6, 10, 20, 30 & 60ml
- ◆ Customized Printing: All medication names can be printed directly on the syringe barrel in white or black ink.
- ◆ Luer Options: Fixed Male Luer or Slip Luer
