

### ❖ Product Features

- Parallel type, Galilean system
- Superior optic quality, provides Stereoscopic & Comfortable View
- Built-in Medical Grade digital collector, integrated design, simple, professional, neat and exquisite appearance
- Warm LED Illumination, Better Conformity, Longer Life Time for 50 thousand hours, and suitable for human tissue.
- Professional & Multi-functional Software With Simple Humanized Interface for easy Operate.
  - ≡ Both Image capturing and video capturing function are configured
  - ≡ Patient Information Records and Management
  - ≡ Image Comparison, Export, Import, Edit
  - ≡ Report printing, Report save as PDF & Export
- Coaxial background light configured for diverse clinical operation needs
- OD/OS auto recognition
- Auto recognition of magnification for captured images and reveal under each image
- Shooting button on the joystick, One-handed operation to focusing, brightness adjusting and taking pictures
- Precision Machining Makes the Smooth and Flexible Movement
- DICOM 3.0 Available
- Meibomian glands photography(optional)

## Technical Parameter

Model	SL-3S (Type C)		
Items			
<b>Optical Part</b>			
Microscope Type	Galilean Type System		
Magnification Changer	Revolving Drum		
Magnification	6X,10X,16X,25X,40X		
Eyepiece Magnification	12.5x		
Visual Angle of Eyepiece	13°		
PD Range	52mm-85mm		
Diopter	±7D		
Visual Field Diameter	6X(33mm), 10X(22mm), 16X(14mm), 25X(8.5mm), 40X(5.5mm)		
<b>Illumination Part</b>			
Illumination Type	Tower Type		
Light Source	Warm LED		
Brightness control	Continuously adjustable		
Illumination tilting	5°,10°,15°,20°		
Slit Width	0mm-14mm continuously adjustable		
Slit Height	1mm-14mm continuously adjustable		
Slit Angle	0°~180°continuously adjustable		
Slit Aperture Size	Φ0.2, Φ1, Φ3, Φ5, Φ10, Φ14, mm)		
Filter	Heat Absorption, Grey, Red-Free(Green), Cobalt Blue, Yellow Filter(optional)		
<b>Imaging system</b>			
Image collector	Medical Grade CCD (12 Mega pixels)	Coaxial Background illumination	Configured
Eyepiece Splitting Ratio	50%	Yellow filter	Optional
Camera Splitting Ratio	50%	DICOM Connectable	Yes
* Voltage: 100~240V 48~62Hz Compatible
